

IAF and FAMI-QS MLA AGREEMENT

1. Introduction

1.1 FAMI-QS The Quality and Safety System of Specialty Feed Ingredients, from now on referred to as FAMI-QS Asbl, is the scheme owner of the worldwide operated FAMI-QS Certification Scheme, from now on referred to as FAMI-QS. FAMI-QS Asbl has sought and received endorsement of their FAMI-QS as a sub-scope of the IAF MLA in accordance with IAF PL3 and this Agreement.

1.2 FAMI-QS Asbl requires Certification Bodies (CBs) operating in its FAMI-QS to be accredited by an Accreditation Body (AB) that is a signatory to the IAF Multilateral Recognition Arrangement (MLA) with a main scope of management system certification (IAF MLA signatories).

1.3 FAMI-QS sets voluntary standards for the certification of the field of specialty feed ingredients. A specialty feed ingredient is defined as any intentionally added ingredient not normally consumed as feed by itself, whether or not it has nutritional value, which affects the characteristics of feed or animals/animal products and animal performance. There are more than 1,100 FAMI-QS certificates worldwide.

1.4 FAMI-QS Asbl contracts at the time of this Agreement with over eight (8) CBs worldwide under the FAMI-QS, the supervision of which is carried out by the ABs that are IAF MLA signatories.

1.5 The FAMI-QS certification process is performed by more than 220 auditors. Requirements for the professional competence of personnel auditors are defined in § 2 of the Rules for Certification Bodies Version 7.

1.6 FAMI-QS Asbl delegates the responsibility of supervision of the CBs it contracts with to the corresponding IAF Accreditation Bodies, noting that harmonization of criteria applied by the different ABs is increasingly important to ensure consistency of that supervision.

1.7 FAMI-QS provides the standard and framework for independent, recognized 3rd party certification of production and trade based on ISO/IEC 17021-1 and ISO/TS 22003.

1.8 The **International Accreditation Forum (IAF)** is the world association of conformity assessment Accreditation Bodies in the fields of management systems, products, services, process, persons and other similar programs of conformity assessment.

1.9 IAF is responsible for the harmonization and continuous improvement of the accreditation practices of its members with the ultimate goal to ensure sound technical competence of accredited CBs/VBs (Verification Bodies) and to support its IAF MLA.

1.10 The IAF MLA is established and maintained on the basis of the requirements of ISO/IEC 17011 through regular peer evaluations and is the tool by which IAF contributes to the elimination of technical barriers to trade and to promoting the free circulation of certificates issued by accredited CBs.

2. Administration and Cooperation

2.1 Both IAF and FAMI-QS Asbl, by means of this formal Agreement, have decided to develop and maintain a close cooperation between the two organizations to ensure harmonization in the accreditation practices performed by IAF members in FAMI-QS and to cooperate in the continuous improvement of the certification scheme with the final goal of assuring the highest level of competence in the FAMI-QS certification scheme's accredited CBs.

2.2 IAF and FAMI-QS Asbl shall comply with the respective requirements of IAF PL3 *IAF Policies and Procedures for Expansion of the Scope of the IAF MLA*, operating and administrating in an open, non-discriminatory and transparent manner, avoiding conflicts of interest or limitation on the acceptance of CBs or ABs other than relevant technical considerations.

2.3 Both IAF and FAMI-QS Asbl shall appoint a liaison person of each organization to act as contact persons.

2.4 FAMI-QS will be open to all CBs that are accredited by IAF MLA signatories. The Accreditation Bodies will be signatory members of the IAF MLA for Management System Certification (ISO/IEC 17201-1 and ISO/TS 22003) and have agreed to implement the Memorandum of Understanding between FAMI-QS Asbl and IAF (MoU). A list of IAF ABs that have agreed to implement the MoU shall be maintained on the FAMI-QS Asbl Website.

2.5 FAMI-QS will only work with IAF MLA signatories who have agreed to implement the MoU. FAMI-QS Asbl will stop working with an AB that is no longer a signatory to the IAF MLA or has not implemented and maintained the MoU.

In order to achieve such goals both organizations have agreed upon the following:

The second round of comment may generally be conducted following completion of two trial audits in the field with feedback being provided to organizations that made the comments. A summary of comments shall be available on the FAMI-QS Asbl website.
